

I am a XM radio listener and find their XM Instant Traffic and Weather very useful for the Orlando Metro area. XM radio also has a Reggae station, something that the Orlando FL area does not have on regular AM/FM radio!!! Seeing as this is a service we pay for, I do not believe the National Association of Broadcasters should be able to dictate what I am permitted to hear.

I respectfully urge you (the FCC) to reject the National Association of Broadcasters petition 04-160

Respectfully Yours,

David Dehaney
